

We believe in good old-fashioned personal service, not a factory line approach, supported by the latest technology available including reporting and online tools.

Travel Beyond are experts in managing domestic and international business travel.

Our clients are varied in size and from many industries, primarily SME businesses. Yet what they have in common is the value they place on their close working relationship with Travel Beyond.

Each of our clients enjoys the benefit of a senior consulting team tending to their needs: 24/7!

There are no impersonal call centre operatives more concerned with minimizing time spent dealing with you and reducing costs, just senior consultants, taking as long as required to deal with your travel needs.

This commitment to a consistency of service is what our clients find refreshing.

Our buying power is equivalent to the largest corporate TMCs. Pricing is really all about your needs, volumes and the supplier arrangements recommended, not the size of the TMC quoting!

If you are an SME business that values SERVICE, incorporating a focus on cost management and technology, then Travel Beyond could be a good fit for you.
